

# BOISE COUNTY

## BOISE COUNTY COMMISSIONERS

Transcribed by Eileen Capson

**December 26, 2023**

**Present:** Commissioners Steven Twilegar, Clay Tucker, and Lindy Lindstrom

**Pledge of Allegiance**

**CONSTITUENT INPUT:** None

**MINUTES:** Commissioner Twilegar motioned to approve the minutes from December 19<sup>th</sup>. All were in favor and the motion carried.

**SNOW GROOMING PROGRAM:** A snowmobile groomer from Idaho City explained to the commissioners that they wanted to pursue one more grant for a grooming shed. He said the current shed has insulation that was never covered and it's falling down. They have heaters in there and the loose insulation has become a safety issue. They would like to add a lean-to, fix the lighting, and cover the insulation. Through the Idaho Dept. of Parks and Recreation, there is a grant for \$40,000. He said, "The beautiful thing is, we only have to match 5%. So, from our 8A snowmobile funds, we only need \$2,000." Twilegar motioned to approve the pursuance of this grant, which was approved.

**AGREEMENT:** Chairman Twilegar motioned to approve a professional services agreement with the prosecutor's office and a medical doctor.

**MEMORANDUM OF UNDERSTANDING:** Twilegar motioned to adopt a memorandum of understanding between Boise County and Boise County Search and Rescue, with the advice included from the county's insurance company. The motion carried.

**PERSONNEL POLICY:** Twilegar asked if there were any concerns from the board and then proceeded with a motion to adopt the new resolution to amend the Boise County personnel policy.

**HIRING POLICY:** Clerk Mary Prisco briefly discussed the hiring policy.

**CLAIMS APPROVAL:** The board took time to discuss and review the report, which included some unusual expenditures from the court proceedings. Twilegar motioned to approve the report in the amount of \$129,273.

**INDIGENT/ PUBLIC DEFENSE EXPENDITURES:** Clerk Prisco explained the cost, which included all the expenditures for the court proceeding. Twilegar motioned to approve the report. The motion carried.

**DEMAND WARRANTS:**

Chairman Twilegar viewed a professional witness fee for a doctor and exclaimed, "Holy smokes!" He then made a motion to approve the retainer for this doctor in the amount of \$8,000. Commissioner Lindstrom seconded the motion, and all were in favor.

**PROSECUTOR'S OFFICE:** Twilegar said that because the county does not own the building, they pay rent on it, as well as taxes. He then motioned to pay the demand warrant for \$773 for the taxes.

**EXECUTIVE SESSION:** Twilegar motioned to go into [closed] executive session for pending litigation "for property." [Time 9:29am to 9:35am] No action was required.

**EXECUTIVE SESSION:** Twilegar motioned to go back into executive session for a personnel issue. [Time 9:35am to 10:07am] No action was required.

**TRASH:** Paul Rekow said that the trash is still being hauled to Payette, and will continue to be hauled there through the "near future."

**EAST BOISE COUNTY AMBULANCE DISTRICT:** Mari Adams reported that since she took over in October as director, "Our volunteers, when I started, were at 28% and we are now up to 79% of those volunteers, volunteering their time to help out on the ambulance. So, it's been a really, really big increase. All of our ambulances seem to be running great now." The district is still receiving medical and trauma calls. She added, "Just staying busy. Doing the best we can."

**SHERIFF:** Sheriff Scott Turner said they were "busy as normal." There has been a lot of crashes due to winter road conditions.

**RESOLUTION:** A future resolution was briefly discussed for next week.

Adjourned at 10:15am.

**January 2, 2024**

**Present:** Commissioners Steven Twilegar, Clay Tucker, and Lindy Lindstrom

**Pledge of Allegiance**

**CONSTITUENT INPUT:**

None

**MINUTES:** Commissioner Twilegar motioned to approve the minutes from December 26, 2023. All were in favor and the motion carried.

**ROAD DEPARTMENT:** Curtis Dill said they are currently working with only one "reader board" for three districts, and he would like to have more. He suggested that the sheriff could use it, if need be, for incidents. The current reader boards are out-of-date and can't be retrofitted. Chairman Twilegar motioned to approve up to \$15,000 for reader boards, including batteries. All were in favor and the motion carried.

**SHERIFF:** Sheriff Scott Turner said they were able to get a good deal through a trainer and asked the board to approve up to \$5,500 to purchase a K9, which "will be purchased out of the drug enforcement fund." Twilegar asked if there were a methamphetamine problem, and the sheriff confirmed that there was and added, "The other K9 that we had in training, we've already given it back at the end of last week, because it just wasn't working." Twilegar commented, "I love dogs. They can do so much that we can't do. It's going to get some meth off the streets." Sheriff Turner confirmed, "The current K9, the prosecutor can speak to it, he gets a lot of dope, all the time."

Chairman Twilegar motioned to spend up to \$5,500 for a drug dog. It was seconded by Commissioner Lindstrom, and the motion carried.

**TAX CANCELATIONS:** Commissioner Twilegar stated, "Sounds like we've got a pile of tax cancelations." Assessor Chris Juszcak confirmed, "You do! Thanks to House Bill 389." He added that they were homeowners' exemptions and that the Treasurer would deduct the amount off the homeowner's second half payment. A motion was said for each land parcel tax cancelation, and each motion carried.

**MOTION:** Twilegar motioned to approve the minutes from December 26, 2023. All were in favor and the motion carried.

## Boise County Commissioners

~ continued from page 2

tioned to adopt Resolution 2024-9, a Boise County Hiring Policy. The motion carried. An individual from Human Resources stated that the updated personnel policy has been posted to the website, and emailed out to all employees.

**MOTION:** Chairman Twilegar spoke regarding the presentation on, "the biological vaccine platform technology for children." He added, "This is something that I've been following since the inception of the pandemic, and I've heard both sides of this and I'm convinced that this is something we should do." He then asked for any discussion, and Commissioner Tucker asked who the author was of the resolution. Twilegar said he believed that the woman who came before the board had help in writing the resolution. Tucker affirmed that he was alright with what was said in the resolution. Commissioner Lindstrom asked, for the record, "What it means, if we all sign this." Chairman Twilegar stated: "Essentially, it's a resolution, which is non-binding, it's a recommendation. It's not an ordinance. We're recommend-

ing against children being injected with this gene therapy, *unnecessarily*. Also, saying that we support legislation that prevents our state government from mandating any injection or any kind of medication. I support that." Lindstrom commented that, "For the record, if you want to, out of your own free will, you're more than welcome to." Commissioner Twilegar agreed, "And that's the entire point. Don't force people to be taking medication if they don't want to. If you want to be injected with this, then, *more power to you*. I would fight to the death for your right to do so. But I'll also fight to the death for my right not to."

Chairman Twilegar motioned to adopt Resolution 2024-10, a Boise County Resolution to advise against the use of biologic vaccine platform technology and child vaccine schedule, until forensic investigation, Idaho Health audit, and transparent and accurate informed consent. Commissioner Lindstrom seconded the motion and the motion carried.

**EXECUTIVE SESSION:** Closed session to discuss the hiring of a new employee.

[Time 9:24am to 9:32am]

**EXECUTIVE SESSION:** A pending litigation issue regarding East Boise County Ambulance District. [9:33am to 10:01am] No action required. Twilegar added that the board was going to meet with an individual regarding Bogus Basin's tax-exempt status. He said that all three commissioners, Assessor Juszczak, and Prosecutor Alex Sosa, were all going to be at the capitol building to discuss legislation on Thursday January 4<sup>th</sup>.

Adjourned until January 4<sup>th</sup> at the capitol building, and then again on January 9<sup>th</sup> for a regular County Commissioners' meeting.

## Voting in Boise County

By Earl McCreary

**BOISE COUNTY** -- Voting is one of the most important things a U.S. Citizen can do each year. Whether you are new to voting and must register, or have voted before, Idaho makes it easy for you. Idaho has a voter website called VoteIdaho.gov. This website will let you register to vote, order an absentee ballot, and check other voting information. The following information will be helpful whether you need to register to vote or are currently registered.

**New Voter Registration** - It is possible to register to vote via the website. You will need acceptable proof of Identification and Residency. The website provides a list of acceptable forms of proof. A Driver's License or US Passport will work if they are current. Proof of residency is as simple as a utility bill. Don't worry if you don't have any of these items; the website will give you other acceptable proof you can use.

**Current Registered Voter** - This website will let you look at

your voter's record. This will include your Voter ID, which party you are registered for, and your Voting Precinct. It will allow you to submit a request for an Absentee Ballot, and track if it has been mailed to you, and when they have received it back. After elections, it will show you the election results for every county in Idaho. If you want to check all this information, it is under the Voting icon on the top left of page, then select Online Voter Tools. This website is an official Idaho Government website and is a resourceful site for all your voting needs.

GIVING A CHILD A MAGICAL CHRISTMAS WITH THE

### Christmas Wish Tree

Thank you,

Santa's gifts have all been distributed to the Christmas Wish Tree Families. On behalf of the families and the Christmas Wish Tree Board. Thank You.

A Big Thanks goes out to all of the area residents who filled the tags from the Christmas Tree. Your abundant generosity is truly the best Christmas Gift.

Thanks to all the donors who contributed Funds. From big corporations, to small local businesses to individuals and kids with piggy banks. Every penny helps the success of the program.

The 40 volunteers who gave up their time, energy and talent were essential to the program. Without your help we could not meet all the needs. Thanks to you all.

Special thanks goes out to the Library Board and Staff for providing space for the Christmas Tree, Santa and the gift deliveries.

May you and yours have the happiest Christmas and a Merry New Year.

From,  
The elves in Garden Valley

## New Resolution Adopted by Boise County Commissioners

### BOISE COUNTY RESOLUTION # 2024-10

A BOISE COUNTY RESOLUTION TO ADVISE AGAINST USE OF GENETIC BIOLOGIC "VACCINE" PLATFORM TECHNOLOGY ON THE CHILD VACCINE SCHEDULE UNTIL FORENSICS INVESTIGATION, IDAHO HEALTH AUDIT, AND TRANSPARENT AND ACCURATE INFORMED CONSENT

**WHEREAS**, Idaho residents have been injured by Genetic Biologic "Vaccine" Platform technology making it more injurious than any other vaccine mechanism in US history with at least 30 deaths and 103 permanent disabilities, 33 cases of myocarditis in the State of Idaho, 2 of which are children 6-17 years old. The total US deaths are under-reported at over 18,000 deaths and Americans who were permanently disabled are over 17,000. According to VEARS, CDC total reports show over 36,000 deaths and over 67,000 permanently disabled individuals, and over 27,000 cases of myocarditis/pericarditis, since their release in 2021; and

**WHEREAS**, the mRNA genetic platform technology shots should be scrutinized and investigated due to the egregious number of adverse events, disabilities, and deaths to adults and children. Ad-

versely affecting children in the womb, it increases rates of miscarriages, and adversely affects women's menstruation and fertility; and

**WHEREAS**, multiple labs demonstrate that both the Pfizer and Moderna's misbranding, and adulteration of consumer products, substandard products, and substandard and under-powered clinical trials may violate Consumer Product Protection statutes and informed consent as well as multiple other laws that regulate pharmaceutical safety in the State of Idaho; and

**WHEREAS**, the mRNA technology shots are adulterated with over a thousand times the allowable level of DNA from the DNA plasmids used to make the shots in E. coli bacteria. They represent up to 35% of the shot genetic material; and

**WHEREAS**, some of these shots have non-disclosed SV40 sequence promoters that allows them to infect human cells and go to the cell nucleus. SV40 is known to grow tumors and cause cancer; and

**WHEREAS**, due to adulteration, there is possibility of contamination with E. coli bacterial proteins and "endotoxins" and can cause auto immune reactions and sepsis in the recipients. The material in the shot was designed to in-

fect E. coli, such as present in the human gut. This can make the gut become a permanent spike protein factory through the E. coli that are naturally present; and

**WHEREAS**, the mRNA in the shots is also broken and degraded. Contamination and degradation of the mRNA genetic sequence can lead to changing out God given DNA, it can turn off genes that we need, like those that fight cancer, and these genetic changes can be passed on to our children. The material in genetic injections can shed through bodily secretions and transfect through fluids and contact, as well as through milk of a mother including cow's milk.

**THEREFORE**, Boise County, Idaho, declares that we value the health and lives of our children and recommend AGAINST any administration of the genetic "vaccines" or gene therapies, in any modality, to be administered to children under 18 in our County. We recommend they be removed from the child vaccine schedule in our County, and in the State of Idaho, until a forensics investigation and a health audit of Idaho can be administered by qualified agents, as well as until transparent and accurate informed consent can be given to parents and families; and

**THEREFORE**, Boise County,

Idaho, supports legislation that investigates, or requires informed consent, that may recall, or may create corporate liability for products that use mRNA, DNA, or any genetic technology for human pharmacological use or consumption, use regarding any livestock, or use regarding any agricultural products that may adversely affect human health, animal health, or the food supply thereof; and

**THEREFORE**, Boise County, Idaho, supports The Idaho State Statute 18-3323 Bioweapons Law with the specific emphasis to section 18-3323 (4) (a, b, c, and d); and

**THEREFORE**, Boise County, Idaho, supports the definition of vaccines from Idaho Code 41-6002(8): "vaccine" means any preparations of killed microorganisms, living attenuated organisms, or living fully virulent organisms, which are approved by the Federal Food and Drug Administration, and recommended by the Federal Advisory Committee on immunization practices of the Center for Disease Control and prevention; and

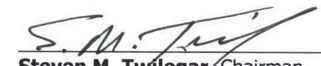

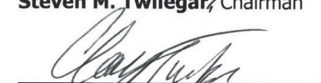

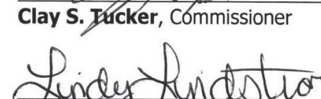

**THEREFORE**, Boise County, Idaho, supports legislation that requires informed consent, transparency, and labeling of any proposed product, including imported food supply or pharmacological prod-

ucts that use mRNA, DNA, LNP, or any genetic technology for human pharmacological use or food consumption, or use regarding any livestock or agricultural products; and

**THEREFORE**, Boise County of Idaho supports legislation that prohibits mandates, local, state, national, or global, regarding forced medical procedures or vaccinations in any modality; and

**THEREFORE**, Boise County of Idaho supports life affirming legislation and laws and declare that Idaho adults and children, including the unborn, have the right to normal cell growth.
