IFF Meeting Ask Anything

- Ron Nate - Idaho has work to do, as do FL & TX
IFF will tell you how ID is doing -
IF PAC, IF Action Committee also here
- Thanks to Wayne Hoffman - Mtg is for
IFF insiders & supporters

Q1 - What about liberals trying to take over Precinct positions? Ron sez Dorothy Moore making GOP more conservative, Establishment GOP wants to take over again. Have \$2M to spend strategy to stop = conservatives have grassroots
- IFF aligned w/ GOP ideas, but not political
- Attacks on Dorothy have no attribution, but are from Est, liberty in peril, but grassroots are waking up. Ron looking forward to primary
- Got good Senators in 2022

Q2 - EAO Do emails help? Legs get so much email it's almost useless. Best to connect in person before session. Phone calls better than phone calls, but personal contact is best. Town halls best. Trying to get legs to read IFF. Record # of bills (900+) in 2024. IFF had many 1 on 1 mtgs w/ legs in 2024. Leg leaders play games w/ bill schedule late in session, but IFF has fix. Ron sez town halls & capitol great. Use different email subject licenses. Ask legs for cell # in person, then use text msgs but sparingly. Fred sez Reagan was attacked as conservative. Reagan deflected & stayed cool

Left will attack. Moderate msg just muddies your msg. Reframe, pivot. Less confident don't stick to principles. People who call extremist are actually the extremists. Make msg be straightforward conservative in simple terms

Q3 IFF diversifying content to ^{youtube} short msgs including mid week - Looking at FB + IG (not sure about TikTok) Get political refugees registered & noticed by candidates - Get people to run for office - Get political refugees to see IFF ratings

Q4 - Mail in ballots trend is not good - Is a crisis of custody problem - Not much info if current problem in Idaho. Need signature verification to be rigorous - Mail in ballots should be discouraged even though convenient. Must make effort to establish ID & show up - Must elect election integrity candidates. But don't discourage conservative voters w/ fraud talk. We will ballot harvest legally also.

Q5 - What to do w/ illegals in schools, parks, etc. Fred sez bill - illegals can't collect benefits - But H H&W GOP & Dems killed the bill - Will try again next year - Dems/Raos say imm reform but mean open borders - Biden is treasonous, sanctions invasion - Strong memorial for close borders, impeach Biden - Killed by Farm & Biz - Need unambiguous msg that borders must be closed. - Passed watered down imm reform bill

Existing laws vigorously enforced is what's needed
E-Verify fear - No enforcement, but lots of
data about citizens, Not sure if E-Verify
is good. Will fight again next yr

Q6 - What to do about RINDs? IFF can't support
or oppose candidates because non-profit, BUT
IFF Action provides election info. Then IFF
PAC gets involved in campaigns, Roy sez more
energy on liberty side than ever

Q7 - Library bill to pass? H710 not as strong as
prev bills, but likely to pass, sends msg, wakes
up schools & libraries - Best fix is school choice

Q8 - How does conserv react when Idaho labeled
as racist in MSM ^{2 Roy sez} stirs up controversy, so conserv's
just do good, let naysayers rage, Rage is anti-
productive, so ~~take~~ be positive happy warriors

Q9 - What about Medicaid expansion debate? What
happened? ^{Fred sez} Pro-life said state should
cover more ^{post-partum} natal care - Conservatives said should
not spend more Fed \$ - Many GOP have given
up on fiscal restraint - Miklaj said another
bill said if Fed \$ changes, then Medicaid exp
would be repealed - but bill failed - Many
states finding ways to add benefits to Medicaid
federal coverage

IFF will bring back park report - IFF needs more
\$ - will send out new freedom index rpt - Have
copies for members to distribute
